THE GRAND TOUR OF MOROCCO (14 DAYS / 13 NIGHTS)

An exclusive immersion of 14 days in the heart of Morocco

TRIP OVERVIEW & INCLUSIONS

Located between the Atlantic Ocean and the Mediterranean Sea, Morocco is a country dominated by the Atlas Mountains, which rise to over 4,000 meters in the south before gradually descending into the desert. Morocco is a land where nature shows its full diversity—colors, landscapes, reliefs, and climate—while also offering a rich human and artistic heritage that creates fascinating contrasts. The Moroccan cities are among the most well-known tourist destinations, both nationally and internationally. They benefit from a wide range of natural assets, particularly a varied geography made up of mountains, palm groves, and deserts. Morocco remains a unique “exotic” experience where nature offers countless pleasures: a walk through the ancient medinas of the timeless imperial cities or a hike in the wild high valleys of the Atlas will surely leave a lasting impression and an unforgettable memory.
